The SoCal Veterans Expo is back and stronger than ever. Regional leaders, organizations and businesses are partnering up to provide Veterans and the public with jobs and resources.

**Ontario, CA – October 22, 2024** - Southern California is home to one of the largest military veteran populations in the country, and on Friday, November 15th, we are proud to host the **SoCal Veterans Expo** at the Ontario Convention Center to connect veterans with employers & resources that will help them build a stable and prosperous future for them & their families.

It has been more than five (5) years since our last Veterans Expo and we need your help. We are expecting more than 2,000 attendees and the community has shown great interest in our "All Electric" theme. Due to the high demand and interest in this event, we have decided to open the event to multiple counties (LA, OC and the IE (San Bernardino and Riverside).

The expo planners have created a real all-electric theme titled: "**Tomorrow's Technology... Starting Today.**" This expo will feature the futuristic [Joby Aviation](#), an all-electric air taxi. Joby is partnering with Uber, Delta Airlines and the Dept. of Defense. Joby Aviation is planning to begin initial operations as early as 2025. [Mark Christopher Auto Dealership](#) will be showcasing their fleet of 2025 all-electric vehicles (Cadillac, Hummer and GMC). Southern California Edison is also supporting this event as well as staffing agencies, "Volt" and OSI Staffing will be super-charging the Veteran's job search.

"If you want a job and are qualified, we'll find the employer. If you want a job and are not qualified, we'll get you trained. No matter what, we'll find it together." states Dr. Monica Christianson, Expo Chair and owner of Warrior's Art Project. "We are looking forward to working with the community in providing the Veterans access to "thousands" of jobs and resources they need and deserve."
